Great Product For Dementia Or Alzheimer

- **Reduce the workload of carers**
The Dementia Day Clock is aimed at helping people living with dementia by simply and clearly displaying the time of day as morning, afternoon,evening or night. People living with dementia can lose the ability to recognise what the time is and even whether it is day or night. This can cause many challenges for them and for their primary carers. By using day clock,it can reduce the challe.
- **Help people with dementia live in a daily routine**
The aim of the Day Clock is to help people with dementia to be able to link the time of day to their daily routine. The Day Clocks' clear and simple display of "Now it's Monday Morning" is proved to be helpful for people with dementia or Alzheimer.
